

AS-11

ANTI-SLIP POLISHER

DESCRIPTION

AS-11 is a blend of esterified wax and pure acrylic resins with anti-slip properties recommended to be used on natural stone, marble, granite, and glazed or unglazed homogenized ceramic tiles to prevent slip. AS-11 transparent coat will not hinder the gloss or alter the origin of any hard flooring.

FEATURES

- Slip-resistant
- Non-yellowing
- Prevent absorption of dirt directly into flooring
- Wide area coverage

METHOD OF USE

- Cleaning the desired hard flooring with HI-GENIC or CLEMON and thoroughly rinse prior to your application of AS-11.
- Ensure the hard flooring is thoroughly dry.
- Pour 50ml of AS-11 into 500ml of water and use clean damp mop that can cover up to 20m².
- During the mopping, shake the mix for uniform spread.
- Once the floor is dried, polish with a white polishing pad.

SAFETY

Keep out of reach of children.

ORIGIN

Italy

Important Notes

Chemforce product data sheets are regularly reviewed and available on request. The successful use of this product is dependent on a number of factors. As the information contained in this literature can only be of a general nature, it is advisable to consult our technical department if there is any doubt about the correct use of this product in a particular application. Our Sales and Technical representatives are available to provide further technical and commercial assistance.
