DEEP SHINE

LIQUID STAINLESS STEEL POLISH

DESCRIPTION

DEEP SHINE is a liquid stainless steel polish specially formulated to brighten, polish and protect stainless steel surface. It contains a blend of patented surfactant with solvents.

APPLICATION

DEEP SHINE is ideal for use on escalators, lifts, offices, kitchen equipment, laminated and enameled surfaces.

FEATURES

- Removes stains, spots and smudges easily
- Cleans and polishes at the same time
- Brightens all type of stainless steel surfaces

METHOD OF USE

Spray DEEP SHINE with a trigger spray approximately 6 inches away from the surface to be polished. Use a dry cloth to wipe immediately until surface is dry and free from stains and marks. Repeat application for stubborn stains. Routine cleaning will maintain maximum results.

SAFETY

Avoid inhaling and keep away from eyes. If contact with eye, flush with plenty of water and obtain medical advice. Keep away from open flame or sparks.

PACKING

5 litres and 25 litres

Important Notes

Chemforce product data sheets are regularly reviewed and available on request. The successful use of this product is dependent on a number of factors. As the information contained in this literature can only be of a general nature, it is advisable to consult our technical department if there is any doubt about the correct use of this product in a particular application. Our Sales and Technical representatives are available to provide further technical and commercial assistance.
