FORCE SILVER

SILVER QUICK-SOAK DE-TARNISHER

DESCRIPTION

FORCE SILVER is a new revolutionary formulation designed to remove all tarnishes from Silverware (EPNS/ EPSS) in second.

APPLICATION

FORCE SILVER is completely safe to use for de-tarnishing all silverware. Using abrasives to polish silver ware would wear away the Electro-Plated Silver and it is considerable time consuming. Using FORCE SILVER to quick-soak silverware will softens and loosens and baked on foods so that they can be used completely removed when clean through a rinse of neutral detergent.

FEATURES

- Highly economical
- Easy to use
- Completely safe
- Quick action
- Do not wear away silver
- Re-usable

METHOD OF USE

Pour FORCE SILVER in 20 litres oval plastic container preferable with a lid. For quick action, dip tarnished silverware for 10 seconds in undiluted solution of FORCE SILVER. Removed silverware, soak into CLEMON and rinse. Remove and then run through the dishwashing machine immediately. Keep dry silver ware to slow tarnishing effect.

SAFETY

Avoid contact with skin and eyes. Wear rubber gloves. Any splashes in the eyes and skin should be flushed with plenty of water and seek medical advice.

PACKING

5 litres and 25 litres
