FORCE STEEL

POWERED FLOOR TILE CLEANER

DESCRIPTION

FORCE STEEL is a revolutionary powder cleaner for homogenize glaze or unglazed ceramic tiles which are normally stained by dirty water leftover and creating a dark membrane on the surface which make cleaning difficult with normal alkaline cleaner.

APPLICATION

FORCE STEEL is suitable for the removal of acid stain on non-homogenized/homogenized ceramic tiles that are either plain or colored.

FEATURES

- Non-toxic, non phosphorus substance
- Remove stubborn stain from homogenize tiles
- Remove light acidic stain from non-glaze homogenize tiles
- Restored surfaces of homogenize glaze and unglazed tiles that cannot tolerate acidic products
- Restored old surfaces to new with a single application like magic.

METHOD OF USE

Wet tiled floorings, sprinkle FORCE STEEL powder on wet floor and scrub with single disc scrubber or auto scrubber with red or white pad. Do not use black pad. Rinse floor with clean water and pick up with wet and dry vacuum cleaner.

PACKING

Carton (12x400 gm), 5 kg Pail and 20 kg Pail

Important Notes

Chemforce product data sheets are regularly reviewed and available on request. The successful use of this product is dependent on a number of factors. As the information contained in this literature can only be of a general nature, it is advisable to consult our technical department if there is any doubt about the correct use of this product in a particular application. Our Sales and Technical representatives are available to provide further technical and commercial assistance.
