# STEAMEX - Enzyme

## LOW FOAM CARPET EXTRACTION

### DESCRIPTION

STEAMEX is ideal for restoring soil carpet and rug to original texture. The high active enzyme remove most soil and leave it in suspend with its anti-deposit agent and optical brightener make extraction work wonder on most carpets rugs, leaving no residue or your carpet.

### Features

- Can be used as a spotter and stain remover
- Highly economical
- Easy to use
- Anti-static
- Non residual

### Method of use

- Vacuum carpet thoroughly
- Test carpet for color fastness by rubbing with a clean white cotton cloth wet with diluted STEAMEX. The cloth should remain unstained.
- Pre-spot badly soiled traffic lanes and stain with diluted STEAMEX dilution 1:5
- Dilute 1 part of STEAMEX with 20 parts of water. Pour into solution tank and extract. If carpet condition is very dirty dilute 1:10 parts of water.
- Do not operate your carpet extractor machine temperature above 50°C
- Do not walk on carpet while it is still damp.

### Safety

Avoid contact with eyes. If shallow, give plenty of water.

### Packing

5 litres and 25 litres

---
